WAR BETWEEN AUSTRIA AND SERBIA DECLARED

Russia Preparing to Assist Serbia. Other Nations Making Ready for Conflict

St. Petersburg, July 29.—In Russian eyes the die is cast. Only political miracle can avert war. Russia does not swerve from her determination to support Serbia and partial mobilization already has been ordered.

There is every indication the whole military machinery of Russia soon will be set in motion. An imperial manifesto is awaited tonight.

Should Emperor Nicholas become generalissimo of the forces, as it is understood he will, an immense wave of enthusiasm will sweep over Russia.

The political parties have sunk their differences and the general attitude is one of resolute confidence in the justice of the country's cause and readiness to make all sacrifices.

The proposal attributed to Austria to discuss terms when Belgrade has been occupied is regarded as impossible.

GIANTS WIN GAME WITH TIGERS

The Frisco Avenue Giants and the Central Avenue Tigers had an exciting game of base ball on Kemp's vacant lots on Frisco avenue, Wednesday afternoon. The Giants won the game, the score being 31 to 4.

Batteries for the Giants were Kemp and Dunlap and for the Tigers were Carson and Coolbaugh.

THOS. HACKNEY SAYS DECKER WILL WIN

Thos. Hackney, of Carthage, was in the city for a short time today enroute to Cassville. He is perhaps as well posted politically as any one in the Fifteenth District and he is of the opinion that Hon. Perl Decker will carry every county in the district by a good round majority. It has been reported here that Vernon county would vote against Decker but Mr. Hackney, who has made a careful canvas of the situation in that county, informs us that the opposition is local and very weak. Barry county will be one of the close counties if there be any. The labor vote will go largely to Mr. Decker.

Lieut. Col. L. M. Brett has a large force of men pursuing the robbers, who were reported to be heading toward the Jackson Hole country in Wyoming. Only one robber participated actively in the hold-ups, the second man remaining behind trees as a lookout.

ORGAN NOTES FROM A PIANO

At a conversation in the rooms of the Society of French Civil Engineers in Paris, visiting British engineers were introduced to a new invention of two Frenchmen, M. Maitre, and M. Martin, a piano in which the notes are produced by the wires being set in vibration by an electro magnet instead of being struck by hammers. The mechanism is operated in the usual way by a keyboard, but, instead of dying gradually away as they do with ordinary piano notes, maintain their volume as long as the key is pressed. The effect produced is similar to that of an organ, and makes of the piano an entirely new and different instrument.

WHITE SOX ON ANOTHER TOUR

Comiskey Probably Will Take His Club to South America Next Winter

Chicago, July 29.—A tour of South America this winter by the Chicago American League Baseball team is contemplated by Charles A. Comiskey, owner of the club, it was made known today. Comiskey probably will try to arrange for the White Sox to be accompanied by the New York Nationals, it was said, although Comiskey would not state whether he and John McGraw, manager of the Giants, had discussed details.

"I don't care whether the trip would pay or not," Comiskey said. "I want to show baseball to all the people of the earth. After South America it should be Africa and then we will have shown the sport to everyone."
